Rental of assistive devices

We offer a wide range of aids and devices for rent, designed to simplify daily home care or to assist you during your holidays. All our equipment undergoes regular checks and testing to ensure reliable performance and complete safety.

Our qualified staff offers professional, personalized technical advice, providing support in selecting the equipment best suited to your needs.

In addition, a home delivery and installation service for the equipment is available (please consult our price list for further details).

Our rental equipment services

- Personalized consultation to identify the most suitable assistive device based on the user's needs and the environment.
- Training on the use of the rented aid
- Cleaning and sanitization service after every use
- Option to purchase the rented assistive device at favorable prices.
- Free pickup service at our Bolzano location
- Delivery and assembly service
- Home delivery service available upon request: a quote is required for distances exceeding 30 km per leg from Bolzano.

Our services:

- Agreements and partnerships with ASL e INAIL
- Supply and installation of stairlift and platform products for overcoming architectural barriers.
- Supply and installation of ceiling-mounted rail lifting systems
- Repair and maintenance service
- Design and healthcare furniture service
- Design and supply service for fully equipped bathrooms
- Mobility aids
